Putin has 'lost 220 troops' in Ukraine war

Путін втратив 220 солдат в Українській війні

Згідно з посмертно опублікованим звітом Бориса Немцова, щонайменше 220 російських солдат загнуло під час секретної війни з Україною. Такі висновки були зроблені з інтерв'ю солдат які брали участь у військових діях на території України, та родичів військових які загинули.

At least 220 Russian soldiers have been killed during President Putin's secret war in Ukraine, according to a posthumously published study compiled by Boris Nemtsov, the opposition leader who was murdered in February.

The 65-page report, which features testimonies from Russian soldiers who have taken part in military operations in Ukraine as well as interviews with relatives of servicemen who have died in the conflict, also claims that the clandestine war, which has been running for more than a year,

has cost the Kremlin more than 53 billion roubles (£670 million).
