

TECHNOLOGY AUDIT AND PRODUCTION RESERVES

№ 6/1 (56), 2020

CONTENTS

MATERIALS SCIENCE

- 6** Effect of sulfate ion environment on physical and mechanical durability of cement products modified by cellulose ethers
Kovalenko Y., Klymenko A., Tokarchuk V., Sviderskyi V.

TECHNOLOGY AND SYSTEM OF POWER SUPPLY

- 13** Approval of the technology of carbon dioxide injection into the V-16 water driven reservoir of the Hadiach field (Ukraine) under the conditions of the water pressure mode
Krivulya S., Matkivskyi S., Kondrat O., Bikman Y.
- 19** Analysis of rocket fuels and problems of their application on the example of Ukraine
Trofimov I., Boichenko S., Shamanskyi S.

ALTERNATIVE AND RENEWABLE ENERGY SOURCES

- 28** Complex mathematical modeling of heat pump power supply based on wind-solar network electrical system
Chaikovskaya E.

REPORTS ON RESEARCH PROJECTS

- 34** Improvement of the control process of the heat treatment of iron ore pellets in the preheating area of the conveyor-type roasting machine
Mytrofanov O.
- 40** Investigation of mechanical characteristics of materials based on refractory borides
Prikhna T., Lokatkina A., Moshchil V., Barvitskyi P., Borimsky O., Ponomaryov S., Haber R., Talako T.
- 45** Study of the dynamics of stress formation in glass during a thermal hardening
Shcherban V., Zhdanyuk N., Plemnyannikov M.
- 49** Design and analysis the operation of Schmitt trigger circuit in radiation environment
Abd El-Maksood A. M.
- 58** Determining the distribution of temperature fields in construction elements of shell-and-tube heat exchangers using analytical and numerical heat and hydraulic calculations
Pyrohov T., Korolev A.
- 63** Investigation of hydrocarbon solvents for the control of paraffin-hydrate deposits in oil wells
Liashenko A.
- 67** Abstracts and References
- 78** Анонсації
