HOMEOPATHIC TREATMENT OF SIDE-EFFECTS
OF CHEMOTHERAPY AND RADIATION THERAPY**

Key words: homeopathy, chemotherapy, radiation therapy, side-effects.

During chemotherapy and radiation therapy in cancer patients severe side effects from many organs and systems often arise. Homeopathy is one of methods of complementary medicine to treat such kind of complications. The article presents clinical trials and key characteristics of homeopathic remedies for the treatment of this pathology.

EFFICIENCY OF USE OF COMPLEX HERBAL REMEDY PHYTOSE-DUM IN MEDICAL REHABILITATION OF PATIENTS WITH CHRONIC NON-CALCULOUS CHOLESYSTITIS WITH HELICO-BACTER PYLORY INFECTION IN COMBINATION WITH ISCHEMIC HEART DISEASE

Key words: chronic non-calculous cholecystitis, helicobacter pylori infection, ischemic heart disease, medical rehabilitation, phytosedum.

The article is devoted to the analysis of dynamics of functional parameters at patients with chronic non-calculous cholecystitis and helicobacter pylori infection in combination with ischemic heart disease during medical rehabilitation with use of plant remedy phytosedum.
