

CONTENTS

V.Yu. Maslov, N.S. Veselovsky, A.A. Moskalyuk, N.F. Myasoedov, S.I. Shram, S.A. Fedulova. Protective action of peptide pro-gly-pro on electrophysiological characteristics of cultured hippocampal neurones during excitotoxic damage	3
Yu.V. Danylovyh, O.V. Kolomiets, G.V. Danylovyh, S.O. Kosterin. Nitric oxide as a possible regulator of energo-dependent Ca ²⁺ transport in mitochondria of uterine smooth muscle	12
V.Yu. Garbuzova, A.V. Polonikov, D.A. Stroy, O.I. Matlaj, Y.A. Ataman, V.A. Sukhareva. A.V. Ataman. Analysis of the effect of n ⁵ , n ¹⁰ -methylenetetrahydrofolate reductase gene c677t polymorphism on the ischemic stroke development in persons with various risk factors	18
I.V. Kompanets, I.O. Stepanets, V.V. Voytenko, D.M. Grebinyk, L.I. Ostapchenko. The activity of interferon-dependent 2',5'-oligoadenylatesynthetase in rat thymus lymphoid cells under the action of ethanol and acetic zinc administration	25
I.V. Vladimirova, I.B. Filippov, A.N. Paduraru, E.Y. Shuba, E.M. Kuliyeva, Y.M. Shuba. Changes of neuromuscular transmission in smooth muscles of rats bladder with experimental diabetes	31
I.A. Topol, A.M. Kamyshny, A.V. Abramov, Yu.M. Kolesnik. Expression of xbp1 in lymphocytes of small intestine in rats under chronic social stress and modulation of intestinal microflora composition	38
V.V. Ruschak, M.O. Chashchyn. Insulin determination in pancreas of guinea pigs with metabolic syndrome	45
I.S. Fomenko, T.I. Bondarchuk, L.P. Biletska, N.B. Panasyuk, A.Ya. Sklyarov. Parameters of no synthase system of gastric mucosa in rats under stress conditions and inhibition of oxygenase cycle.	51
O.M. Oleshchuk. The impact of modulators of nitric oxide synthesis on biochemical indices of liver in rats	57
O.A. Savchenyuk, O.V. Virchenko, T.M. Falalyeyeva, T.V. Beregova, L.P. Babenko, L.M. Lazarenko, M.Ya. Spivak. The effect of probiotic therapy on development of experimental obesity in rats caused by monosodium glutamate	63
V.A. Kovalova, A. Y. Shevchenko, L.I. Ostapchenko. The effects of natural antioxidants on the content of lipids, proteins and carbohydrates in rat gastric mucosal cells during experimental ulceration	70
V.G. Zeleniuk, I.I. Zamorskii, O.M. Goroshko. Renoprotective efficacy of different doses of statins in experimental acute renal failure	75
N.Yu. Selyukova, N.O. Karpenko, E.M. Koreneva, O.V. Somova, N.P. Smolyenko, S.S. Pochernyayeva, N.M. Brechka. The impact of male phytoestrogenization on the somato-sexual development and fertility of the offsprings in rats	82
I.M. Bykov, E.E. Esaulenko, R.I. Sepiashvili, M.A. Hilchuk. Evaluating the effectiveness of the antioxidant properties of lipophilic plant products in liposome model test systems in vitro	88
I.Ya. Kotsan, N.A. Kozachuk, T.I. Mamchich. Features of the alpha-activity of male and female brain cortex under conditions of divergent thinking	93
REVIEWS	
I.G. Litovka, U.O. Mazepa-Kryzhanivska, V.A. Berezovskii. The effect of melatonin on bone tissue metabolism	102
