*The State Educational-Scientific Establishment “The Academy of Financial Management”, in the framework of the implementation of the tasks assigned by the Cabinet of Ministers of Ukraine “The issues of coordination activity of some scientific institutions” on September 23, 2014 № 473, supported by the Ministry of Finance of Ukraine, the Ministry of Education and Science of Ukraine, the world’s recognized international institutions in the field of scientific, organizational and educational support of building a single mental space for reforming financial and economic spheres in countries with a transitive type of economy (e.g. the German International Cooperation (GIZ), the IMF Institute for Capacity Development (ICD), the National Academy for Finance and Economics under the Ministry of Finance of the Netherlands, the UNICEF Representation in Ukraine, etc.), using modern information and communication technologies, findings of national and international finance research, the development of public finance management in terms of European integration processes, provides training for employees in public and corporate finance to assure the effective realization of the reforms initiated by the President and the Government of Ukraine. So just for the period of 2016, relevant training programs reach about 3 500 people, of whom more than 90 attendees were trained under the specialized program of Evans Inc. – the global leader in training and consulting on Change Management.*

*The online webinar “Change Readiness”, which was held on September 29, 2016, received positive feedback from representatives of the institutions responsible for the reform of public and corporate finance in Ukraine, in particular, the Verkhovna Rada of Ukraine, the Cabinet of Ministers of Ukraine, the Ministry of Finance of Ukraine, the Ministry of Education and Science of Ukraine, the State Fiscal Service of Ukraine, the State Audit Service of Ukraine, the State Financial Monitoring Service of Ukraine and*

*also scientists of the Academy of Financial Management, which provides the scientific coordination of financial and economic reforms, creates innovative knowledge in the sphere of national and international finance, develops the public finance management in terms of European integration.*

*The great interest in this event shown by professional experts of various expert-scientific bodies, namely, of the Cabinet of Ministers, the Ministry of Finance of Ukraine, the Ministry of Education and Science of Ukraine, the State Audit Service of Ukraine, the State Financial Monitoring Service of Ukraine, researchers of the Academy and other affiliated scientific institutions of the National Academy of Sciences of Ukraine proves the importance and relevance of the program. More than 90 participants have already joined in it.*

*The proposed theme is important for the Ukrainian audience, as knowledge gained by the participants during the webinar will be applied for the implementation of the Public Financial Management Reform Strategy approved by the Government of Ukraine and the search for conceptual trends based on best international practices for their further improvement.*

*This webinar enabled world-recognized top-level scholars and lecturers, such as Jim Wright, to communicate knowledge and helped to address pressing issues related to key organizational risks encountered in implementing complex strategic initiatives. Holding webinars on a regular basis may become an important factor in forming the distance education system (upgrading) for a wide variety of top managers responsible for decision-making in Ukraine's public finance sector.*
