#### **Summary**

**Poperechna Galyna. Correlation of Reason and Faith in I.Skvortsov's philosophy.** *The article is dedicated to the scrutiny of the relationship between reason and faith that is one of the key problems in philosophy of the founder of Kyiv ecclesiastical tradition archpriest I.M. Skvortsov. On the ground of analysis of inaccessible works of the thinker, it is shown that mentioned problem performs the role of methodological principle led by which the thinker accomplishes the analysis and valuation of the philosophical systems and solves the most important philosophical problems such as the correlation of philosophy and science, philosophy and Bible, the essence of the human being, religion, morality, the nature of goodness and evil. Great attention is paid to I. Skvortsov's criticism of Kant's philosophy. Key words: faith, reason, knowledge, sensation, philosophy, Bible, religion, morality.*
