Food Technology	417
<i>Volodymyr Yukalo, Olha Krupa</i> Proteolytic systems of lactic acid microorganisms: a review.....	417
<i>Kremena Nikovska, Galina Stefanova, Lyubomir Stefanov, Stanka Damyanova, Albena Stoyanova, Oleksii Gubenia</i> Influence of adding of laurel essential oil extracts on salad dressings properties.....	433
<i>Oleg Kuzmin, Julia Tamarkina, Tetiana Shendrik, Valentyna Zubkova, Olga Koval, Tetiana Roman</i> Production of active coal from pyrolyzed wood wastes by alkaline activation of KOH.....	443
<i>Iryna Kalugina, Liubov Telegenko, Yuliia Kalugina, Serhii Kyselov</i> The nutritional value of desserts with the addition of Gooseberry family raw materials from the Northern Black Sea Region	459
<i>Milena Nikolova, Donka Taneva, Tsvetko Prokopov, Mima Hadjikinova</i> Influence of genotype and crop year on carotenoids content of peels from Bulgarian tomato cultivars.....	470
<i>Vira Drobot, Anastasiia Shevchenko</i> Nutritional value and consumer properties of bakery products with fructose for diabetic nutrition.....	480
<i>Sameera A. Rege, Shamim A. Momin</i> Pro- and antioxidant activity of curcuminoids with lecithin in sunflower oil.....	494
<i>Inhibition of microbiological processes in sucrose extraction</i> Natalia Gusyatynska, Tetyana Nechypor.....	504
<i>Shireen Akther, Sha Md. Shahan Shahriar, Md. Kauser-UL Alam, Abdul Matin, Nazmul Sarwar</i> Comparative studies on the quality of sandesh from cow milk chhana with soy-milk chhana addition.....	514

<i>Yaroslavna Kashyrina, Oleksii Muratov, Georgii Sokolskyi, Oleg Miroshnikov</i> Mathematical modeling of Pickering emulsions stabilization process by solid nanoparticles.....	524
<i>Olena Grek, Olena Onopriichuk, Alla Tymchuk, Larisa Chubenko</i> Determination of moisture connection forms of protein-herbal clots.....	534
Processes and Equipment of Food Productions.....	543
<i>Viktor Vytvytskyi, Ihor Mikulionok, Oleksandr Sokolskyi, Oleksandr Gavva</i> Pressure and temperature influence on the friction coefficient of granular polymeric materials on the metal surfaces.....	543
<i>Oleksandr Shevchenko, Anatolii Sokolenko, Kostiantyn Vasylkivskyi, Oleg Stepanets</i> Thermodynamic analysis of systems anaerobic fermentation.....	553
<i>Yaroslav Kornienko, Serhii Haidai</i> Non-uniform fluidization in auto-oscillating mode.....	562
Abstracts.....	577
Instructions for authors.....	586
