

## CONTENTS

### Fields and Elementary Particles

- Hasan A.K.* Shell Model Calculations for  $^{18,19,20}\text{O}$  Isotopes by Using USDA and USDB Interactions ..... 189
- Kuzmichev V.E., Kuzmichev V.V.* Quantum Dynamics of the Early Universe ..... 196

### Optics, Atoms and Molecules

- Tomchuk P.M., Starkov V.N.* Influence of Shape Spread in an Ensemble of Metal Nanoparticles on Their Optical Properties ..... 204

### General Physics

- Kosobutsky P.* Analytical Relations for the Mathematical Expectation and Variance of a Standard Distributed Random Variable Subjected to the  $\sqrt{X}$  Transformation ..... 215
- Vakhnenko O.O.* Semidiscrete Integrable Nonlinear Schrödinger System with Background-Controlled Intersite Resonant Coupling. Short Summary of Key Properties ..... 220
- Sriboonruang A., Kumpika T., Sroila W., Kantarak E., Singjai P., Thongsuwan W.* Superhydrophobicity/Superhydrophilicity Transformation of Transparent PS-PMMA-SiO<sub>2</sub> Nanocomposite Films ..... 226

### Plasma Physics

- Kolesnichenko Ya.I., Lutsenko V.V., Rudenko T.S.* An Equation of the Quasilinear Theory with Wide Resonance Region ..... 232

### Physics of Liquids and Liquid Systems, Biophysics and Medical Physics

- Prorok V.V., Dacenko O.I., Bulavin L.A., Zelensky S.E., Poperenko L.V.* Investigation of Mechanisms of Potassium and Cesium-137 Uptake by Plants with Optical and Gamma Spectrometries in the Field under Water-Stressed Conditions ..... 238
- Gorobets M.I., Kirillov S.A.* Picosecond Dynamics of Molecular Entities in Lithium Salt Solutions in Dimethyl Sulfoxide, Propylene Carbonate, and Dimethyl Carbonate ..... 245
- Vasilev A.N.* Analytical Approach for Calculating the Chemotaxis Sensitivity Function ..... 255

### Liquid Crystals and Polymers

- Thbayh Dalal K., Ziadan Kareema M.* Optical Properties of Conducting Polymer Poly(O-Toluidine)-DBSA Blended with Polyethylene Oxide ..... 263

### Surface Physics

- Zharkikh Yu.S., Lysochenko S.V.* Conception of the Kelvin Method on the Basis of a Mechanic-Electrical Transformation ..... 269

### Structure of Materials

- Sritonwong P., Sanorpim S., Onabe K.* Structural Properties of Lattice-Matched InGaPN on GaAs (001) ..... 276
