East European Journal of Physics

EEJP is an international peer-reviewed journal devoted to experimental and theoretical research on the nuclear physics, cosmic rays and particles, high-energy physics, solid state physics, plasma physics, physics of charged particle beams, plasma electronics, radiation materials science, physics of thin films, condensed matter physics, functional materials and coatings, medical physics and physical technologies in an interdisciplinary context.

Published quarterly in hard copy and online by Karazin Kharkiv National University Publishing.

The editorial policy is to maintain the quality of published papers at the highest level by strict peer review.

Approved for publication by the Academic Council of the Karazin Kharkiv National University (May 30, 2014, protocol No.5)
