

ЗМІСТ

▪ В.А. Баранец, Н.Н. Кизилова, О.М. Дацок	4
Аппаратно-программный комплекс для исследования процессов оседания в технических и биологических суспензиях агрегирующих микро- и наночастиц	
▪ D.G. Boguto, K.K. Kadomskiy, P.K. Nikolyuk, A.I. Pidgurska	12
Algorithm of Intelligent Urban Traffic	
▪ І.В. Гарячевська, В.В. Іванющенко, Д.О. Протектор	26
Система розрахунку окупності впровадження мережевих сонячних електростанцій в приватних домоволодіннях	
▪ В.И. Гнидько, К.Г. Дегтярев, Е.С. Кононенко, А.М. Тонконоженко	38
Сравнение методов конечных и граничных элементов в задачах о колебаниях составной оболочки вращения с жидкостью	
▪ D. Holovko, L. Vasylieva	46
Application of Agile methodologies for software development	
▪ О.П. Дем'яненко, О.Б. Кобильська, В.П. Ляшенко	58
Математична модель теплообміну у валковому калібрі	
▪ D.V. Kriutchenko	68
Forced liquid vibrations in prismatic tanks under vertical and horizontal loads	
▪ E.N. Solovyova, N.N. Kizilova	77
A system for monitoring the state of human cardiovascular system based on the most complete mathematical model of vascular bed	
▪ V.D. Khodusov, O.M. Pihnastyi	84
The statement of the task of optimal control of the production line using the additional time of equipment operation	
▪ CONTENTS	93

CONTENTS

▪ V.O. Baranets, N.M. Kizilova, O.M. Datsok	4
Hardware-software complex for the study of sedimentation processes in technical and biological suspensions of aggregating micro- and nanoparticles	
▪ D.G. Boguto, K.K. Kadomskiy, P.K. Nikolyuk, A.I. Pidgurska	12
Algorithm of Intelligent Urban Traffic	
▪ I.V. Garyachevskaya, V.V. Ivaniushchenko, D.O. Protektor	26
Payback calculation system of introduction network solar power plants in private households	
▪ V.I. Gnitko, K.G. Degtyarev, Y.S. Kononenko, A.M. Tonkonozhenko	38
Comparison of methods of finite and boundary elements in the problems of oscillations of a composite shell of revolution with a liquid	
▪ D. Holovko, L. Vasylieva	46
Application of Agile methodologies for software development	
▪ O.P. Demyanchenko, E.B. Kobilskaya, V.P. Lyashenko	58
Mathematical model of heat transfer in roll caliber	
▪ D.V. Kriutchenko	68
Forced liquid vibrations in prismatic tanks under vertical and horizontal loads	
▪ E.N. Solovyova, N.N. Kizilova	77
A system for monitoring the state of human cardiovascular system based on the most complete mathematical model of vascular bed	
▪ V.D. Khodusov, O.M. Pihnastyi	84
The statement of the task of optimal control of the production line using the additional time of equipment operation	
▪ CONTENTS	93
