

## CONTENTS

### AEROSPACE SYSTEMS FOR MONITORING AND CONTROL

1. Volodymyr Kharchenko, Alexandr Nakhaba  
*A New Method of Unified Processing of the Information, Referred in the Form of the Three-Dimensional Associative-Logical Structure for Optimization of the Multicopter Unmanned Aviation System*..... 8
2. Volodymyr Kharchenko, Oleg Alexeiev, Sergiy Rudas, Olena Kozhokhina  
*Application of Imprecise Models in Analysis of Risk Management of Software Systems* ..... 15
3. Andrii Grekhov, Vasil Kondratiuk  
*RPAS ADS-B and Trajectory Control Data Transmission via Satellite* ..... 26
4. Andrii Grekhov, Vasil Kondratiuk, Anton Ermakov, Evgen Chernyuk  
*Influence of Transmitter Nonlinearities on Data Transmission from Remotely Piloted Air System* ..... 33
5. Andriy Goncharenko  
*A Hybrid Approach to the Optimal Aeronautical Engineering Maintenance Periodicity Determination* ..... 42
6. Olha Sushchenko  
*Design of Robust Navigation and Stabilization Loops of Precision Attitude and Heading Reference System*..... 48

### AIRPORTS AND THEIR INFRASTRUCTURE

7. Maria Tymoshenko, Kristina Marintseva  
*Urban Planning Aspects of Airport Reconstruction: Techniques of the Airport Cluster Concepts Efficiency Evaluation*..... 57

### ENVIRONMENT PROTECTION

8. Andrey Lyamzin, Iryna Nikolaienko  
*City Transport System Ecological State Forecasting with the Use of Neural Networks*..... 65

### CHEMMOTOLOGY AND CHEMICAL TECHNOLOGY

9. Leonid Zheleznyi, Iuliia Veligorska, Irina Venger, Oleksii Papeikin  
*Urea High Temperature Grease for Aircraft*..... 71

**BIOTECHNOLOGY**

10. Svitlana Boychenko, Yaroslav Movchan, Oksana Tyshchenko  
*Modern Tendencies of Climate, Water Resources and Ecosystems Changes  
in the Middle-Lower Part of Southern Bug River, Ukraine* ..... 78

**PROFESSIONAL EDUCATION**

11. Yevgeny Gayev, Vadim Kalmikov  
*The Travelling Salesman Problem in the Engineering Education Programming Curriculum*..... 90
12. Iryna Slipukhina, Serhiy Mienailov, Alla Bovtruk  
*Axiological Foundations of Physics and Technical Subjects Study of the Future Engineers*..... 99

**LAW**

13. Vyktoriia Cherevatiuk, Vyktoriia Zuieva  
*The Issue of Optimization of the Legal Regulation of Certification of General  
Aviation Aircraft: Domestic and International Experience*..... 107  
Sophia Lykhova
14. Sophia Lykhova  
*Compliance of Domestic Criminal Law with International Standards Regarding Liability  
for Hijacking and Seizing an Aircraft*..... 114
15. Yuriy Pyvovar, Olexandr Bazov  
*European Court of Human Rights as the Guarantor of Legal Protection  
of a Human in the Field of Aviation Activities of Ukraine*..... 120
16. Dmitry Bezzubov  
*Airline Companies Economic Safety Fundamental Principles within  
the System of National Safety*..... 127
17. Khrystyna Kmetyk  
*Legal Status of Advisors in the Field of Intellectual Property Right in the United Kingdom* ..... 135
18. Svitlana Holovko  
*Doctoral Studies in the Homeland Higher Education: Experience and Prospects  
of the European Dimension*..... 142
- Instructions for Authors ..... 151
