

CONTENTS

AEROSPACE SYSTEMS FOR MONITORING AND CONTROL

1. Volodymyr Kharchenko, Valeriy Konin, Tetiana Olevinska
Aircraft Navigation Efficiency Improving During Landing Using Satellite Navigation System..... 8
2. Volodymyr Kharchenko, Denys Matiychyk
Mathematical Model of Unmanned Aerial Vehicle Control in Single Control Channel 18
3. Volodymyr Kharchenko, Alexander Kukush, Iurii Chyrka
Simple Objects Detection and Recognition by the Probabilistic Approach 24
4. Volodymyr Kharchenko, Valeriy Shvets,
Pulse Characteristics of Network Satellite Systems Adaptive Antenna for Assessing Correlation Interference Matrix 30
5. Svitlana Pavlova, Dmytro Voloshenyuk
Method of Aircraft Landing by Curvilinear Glide Paths within the Boundary Trajectories..... 36
6. Olha Sushchenko
Simulation of Precision Attitude and Heading Reference System Perturbed by Environmental Disturbances 44
7. Mykhailo Matiychyk, Natalya Suvorova, Dmytro Tereshchenko, Ievgen Plakhotniuk, Kateryna Trachuk
Influence of Icing on Aircraft Performance of Unmanned Aerial Vehicle M-10-2 "Oko" 52
8. Alexander Lysenko, Olena Tachinina
Method of Path Constructing of Information Robot on The Basis of Unmanned Aerial Vehicle 60

MODERN AVIATION AND SPACE TECHNOLOGIES

9. Tatiana Udartseva
Raising Level of Flight Safety during Agricultural-Air Works 68

BIOTECHNOLOGY

10. Oksana Kryvosheyeva, Katerina Garkava, Larysa Natrus
Influence of Microdose of Fatty Acids of Citrullus Colocynthis Extracton Lipoproteids of Rat Blood with Diabetes Mellitus Type 1 74
11. Ludmila Kosogolova, Bogdana Polishchuk, Iryna Kryvutenko, Kateryna Yablonska, Zoriana Romanova, Olena Hurska
The Optimizing the Extraction Process of Biologically Active Substances Obtained from Dandelion Leaves (Taraxacum Officinale Wigg) 81

12. Taras Dvoretiskij, Vyacheslav Kukhtin <i>The Technology of the New Instrumental Estimation Method of the Vegetation Cover Microclimatic Characteristics</i>	88
13. Svitlana Gorobets, Oksana Gorobets, Oleksandr Medviediev, Liubov Kuzminykh <i>The Role of Pathogenic Microorganisms in the Accumulation of Biogenic Magnetic Nanoparticles in Lung Tissues</i>	96

PROFESSIONAL EDUCATION

14. Liliya Korol <i>Peculiarities of Classifying Aviation Engineers According to Their Specialities in Great Britain</i>	102
Instructions for Authors	107
