

# Agricultural Science and Practice

1 ▪ 2016

## Contents

|  |    |
|--|----|
| Spatial heterogeneity of physical properties of the soils in Ukraine<br><i>V. V. Medvedev, I. V. Plysko</i>  | 3  |
| The genes of reproductive system of <i>Capsicum</i> genus and the search for ways of their application in conditions of covered soil in Ukraine<br><i>V. A. Kravchenko, T. A. Stepenko</i>                 | 17 |
| The theory of longitudinal vibrations of a conical elastic body in an elastic medium<br><i>V. M. Bulgakov, V. V. Adamchuk, I. V. Holovach, D. Orszaghova</i>   | 27 |
| Practical methodology of assessing probability of establishment of adventive plant pests<br><i>Yu. E. Klechkovskyi, L. H. Titova, O. V. Palahina, L. A. Pylypenko, A. D. Orlinski</i>                      | 36 |
| Application of commercial test-systems to identify gram-negative facultatively anaerobic bacteria<br><i>V. P. Patyka, L. M. Butsenko, L. A. Pasichnyk</i>  | 43 |
| Quantification of trace elements Fe, Zn, Mn, Se in hull-less barley grain<br><i>S. S. Polishchuk, E. K. Kyrdohlo, L. M. Mykhalska, B. V. Morgun, S. Yu. Pokhylko, O. I. Rybalka, V. V. Schwartau</i>       | 49 |
| Productivity of corn hybrids of different fao groups depending on microfertilizers and growth stimulants under irrigation in the south of Ukraine<br><i>Yu. O. Lavrynenko, R. A. Vozhegova, O. A. Hozh</i> | 55 |
| Genetic structure of ukrainian large white pigs, estimated using mitochondrial DNA-markers<br><i>K. F. Pocherniayev</i>  | 61 |
| Hematological changes and resistance of erythrocytes of crimean horses in response to 32 km races<br><i>A. V. Andriichuk, H. M. Tkachenko, I. V. Tkachova</i>  | 66 |
| The effect of “Remivital” on plasma amino acid composition in dairy cows with ketosis<br><i>M. R. Simonov, V. V. Vlizlo</i>  | 73 |
