Long-term prediction of climate change impact on the productivity of grain crops in Ukraine using satellite data	
<i>O. H. Tarariko, T. V. Iliencko, T. L. Kuchma, V. A. Velychko</i>	3
Growth and development of the organism and immunophysiological indices of blood of male F ₂ rats, affected by different doses of nanogermanium citrate	
<i>R. S. Fedoruk, U. I. Tesarivska, M. I. Khrabko, M. M. Tsap</i>	14
Farmers' preference for improved grasses and legume forage species in six mixed farming system districts of southern region of Ethiopia	
<i>Mergia Abera, Tekleyohannes Berhanu</i>	23
Physiological effect of citrate chelate nanoparticles on plants of wheat	
<i>V. P. Patyka, H. B. Huliaieva, I. P. Tokovenko, V. I. Maksin, V. G. Kaplunenko</i>	28
Methods of intensifying the tuberization process of potato seeds <i>in vitro</i> culture	
<i>H. S. Balashova, Yu. O. Lavrynenko, R. A. Vozhehova, B. S. Kotov</i>	37
PCR-screening of clinical blood samples the presence of BLV-, BIV-, BFV-infected animals in the farms of the eastern region of Ukraine	
<i>O. Yu. Lymanska, I. O. Kulyk, O. B. Zlenko, N. H. Rudova, S. K. Horbatenko, A. P. Gerilovych</i>	42
Efficiency of using the new domestic meat-egg hybrid for the production of food eggs in household farms	
<i>S. M. Pankova, O. O. Katerinich</i>	47
Protein composition and technological properties of milk whey concentrates	
<i>A. V. Minorova, I. O. Romanchuk, Ya. F. Zhukova, N. L. Krushelnytska, S. P. Vezhlyvtseva</i>	52
Complex processing of <i>Stevia rebaudiana bertroni</i>	
<i>M. V. Roik, I. V. Kuznetsova</i>	59
Mathematical modelling of the movements of tractor working tools in controlled traffic farming	
<i>V. V. Adamchuk, V. M. Bulgakov, I. V. Holovach, V. P. Kuvachov</i>	64
