

CONTENTS

THEORY AND METHODS OF SIGNAL PROCESSING

Yanovsky Felix J.

Spectral-polarimetric approach to remote sensing of natural objects and phenomena.....11

Prokopenko I. G., Omelchuk I. P., Chyrka Y. D., Prokopenko K. I.

Fast frequency synchronization systems.....19

Sibruk L. V., Basansky A. A.

Measurement the occupied bandwidth of the emission using SDR platform HackRF One.....24

Prokopenko K. I.

Adaptive algorithm of speech signals segmentation.....29

COMPUTER-AIDED DESIGN SYSTEMS

Sineglazov V. M., Dolgorukov S. O.

Optimal choice of the technical means of rate, pitch and roll channels subsystems of navigation equipment simulation table.....33

Brykalov A. V.

Multicriteria optimization in the computer-aided design of unmanned aerial vehicles.....40

Sushchenko O. A.

Hardware configuration in systems for stabilization of information and measuring devices.....44

Synehlazov V. M., Godny A. P.

Dynamic data integration in the design of complex computer-aided design systems.....51

Sineglazov V. M., Fedosenko V. N., Mosheliuk I. L.

Automated control system of cleanrooms.....59

Sineglazov V. M., Heleveria M. O.

Computer-aided design of district heating systems based on heat pump.....64

Chumachenko E. I.

Design of hybrid neuron networks.....68

Huan Carlos Martin Rodrigez, Khriptulova O. V.

The design of 3D-animation in mobile telephone simulators.....71

Khriptulova O. V., Huan Carlos Martin Rodrigez

Simulator reference for gadgets.....75

Kulbaka A. V.

Computer-aided design of vertical-axis wind turbines.....80

TRANSPORT SYSTEMS

Petrenko O. V.

Design analysis and parameters choice of metallic cylindrical resonator sensor for coriolis vibratory gyroscope.....87

Sineglazov V. M., Shmelev Ju. M.

Training time optimization in simulator.....92

MATHEMATICAL MODELING OF PROCESSES AND SYSTEMS

Pitertsev A. A.

On the problems of radar detection of zones of possible aircraft icing-in-flight.....98

Klyuchko O. M., Sheremet D. Yu.

Computer simulation of biological nano-generator functions.....103

Requirements for Articles.....111
