REVIEWS

<i>Kizub I. V., Klymenko K. I., Soloviev A. I.</i> Protein kinase C (PKC) participation in mechanisms of vascular tone abnormality in diabetes mellitus. Part 3	3
<i>Nefedov A. A., Mamchur V. I.</i> Pharmacotherapy of multiple sclerosis – modern standards	10
<i>Khaitovich M.</i> Pharmacogenetics of bronchial asthma	17

CONTEMPORARY ASPECTS OF NEUROPHARMACOLOGY

<i>Demchenko A. V., Belienichev I. F.</i> Glutathione link state of thiol disulfide system of white rats brain after treatment by citicoline of simulated chronological ischemia	28
<i>Movchan O. D.</i> The anticonvulsant action of increased doses of antiepileptic drugs on the background of formed tolerance	35
<i>Shastun N. P., Oprishko V. I., Pavlov S. V., Buhtiarova N. B.</i> Comparative assessment of different groups of anticonvulsants impact on cognitive processes in normal, morphological and functional characteristics of neurons of the sensorimotor cortex and neuroapoptosis under pentylenetetrazole-kindling	40

WORKING OUT OF THE NEW METHODICAL WAYS

<i>Kharchenko O.</i> Long-term alcohol consumption provokes oxidative and nitrosative stress in albino rats brain.....	49
<i>Drogovoz S. M., Zupanets M. V., Kononenko A. V., Abduraxmonov J. U.</i> Antiarthritic drugs of natural origin – alternative NSAID	55
<i>Zagayko A. L., Briukhanova T. O., Shkapo A. I.</i> Sibutramine modulating effects on metabolic changes associated with experimental insulin resistance in rats	62
<i>Kuznetsova E. V., Lavrenchuk G. J., Butska V. E., Simonova I. V.</i> Pharmacobiological characteristics extract of the bagasse from dark grape varieties	70
<i>Lukyanchuk V. D., Shebalova K. O.</i> Adenine nucleotides component of antihypoxic mechanism action of the new coordination compound of germanium VITAGERM-3 on the model of the enclosed space hypoxia.....	76
<i>Mankovskaya I. N., Nosar V. I., Gonchar O. A., Gavenauskas B. L., Frantsuzova S. B., Bratus L. V., Mironova G. D.</i> Effect of the mitochondrial ATP-dependent potassium channel modulators on rat physical endurance.....	82
<i>Tsurkan A. A., Delyan E. P.</i> Determination of optimal conditions for extraction of biologically active substances from raw thistle garden (<i>Sonchus Oleraceus L.</i>)	90

ISSUES OF PHARMACY, PHARMACEUTICAL MARKET, PHARMACOECONOMICS

<i>Vetutneva N. A., Rymar M. V., MinarchenkoV. N., Marusenko N. A., Makiyan S. A.</i> Research of meloxicam solid dispersions with macromolecular compounds by electron microscopy method and absorption spectrophotometry in IR-region	98
