## REVIEWS

- Lukjanchuk V. D., Seifullina I. J., Litvinenko D. F., Martsynko O. E.*  
The pharmacological properties of organic and coordination compounds  
of germanium – modern views ..... 3
- Chekman I. S.* Scientific and medical basis in teaching nanopharmacology ..... 14

## CONTEMPORARY ASPECTS OF NEUROPHARMACOLOGY

- Gorbacheva S. V., Belenichev I. F., Kucherenko L. I.* Mechanisms of endogenous  
neuroprotection when using thiol-disulfide system modulators under experimental  
impairment of cerebral circulation ..... 24
- Nosach S. G., Belenichev I. F., Aleksandrova K. V., Levich S. V.,  
Ryzhenko V. P.* Antioxidant mechanism of neuroprotective action of 3-methylxanthine  
derivative (compound C-3) in conditions of intracerebral hemorrhage..... 31
- Holodniak S. V., Buchtiyarova N. V., Shabel'nik K. P., Berest G. G.,  
Belenichev I. F., Kovalenko S. I.* Targeted search of anticonvulsant agents among  
a spiro-derivatives with 2-aryl-5,6-dihydro-[1,2,4]triazolo[1,5-c]quinazoline  
fragment ..... 39

## WORKING OUT OF THE NEW METHODOLOGICAL WAYS

Ostapenko A. O.* Analgesic activity of 1,2,4-triazole derivatives in primary  
pharmacological screening..... 48
- Golovenko N. Ya., Valivodz I. P., Zhukova N. O., Larionov V. B.* Participation  
of phenobarbital-induced CYP450 isoforms in desalcoxylation of <sup>14</sup>C-ethoxazepam ..... 53
- Dronova M. L.* The therapeutic efficacy of 1-[4-(1,1,3,3-tetramethyl butyl)  
phenoxy]-3-(n-benzyl hexametylenimino)-2-propanol chloride under  
*in vivo* models..... 60
- Dobrylya N. V., Karazuba T. A., Gula N. S., Duniak Y. O., Boytsova L. V.,  
Danova I. V., Tishkin S. M., Khromov O. S.* The correction of hemostatic  
disorders with liposomal drugs in acute massive blood loss..... 66
- Ivanov L. V., Lyapunov A. N., Kartel N. T., Nardid O. A., Cherkashina Ya. O.,  
Derimedvid L. V.* Comparative study of the influence of some pharmaceutical  
excipients on membrane microviscosity of human and rat blood erythrocytes  
by spin probe method ..... 72
- Kalko K. O., Drogovoz S. M., Zakharko N. V., Yudkevich T. K.* The influence  
of paracetaminofen toxic dose on circadian rhythm of prooxidant-antioxidant  
homeostasis..... 81
- Meshkova N. O., Mishchenko O. V., Oliynyk V. L., Oliynyk G. M.,  
Sharykina N. I.* The investigation of cytostatic action of quinazoline derivatives ..... 87
- Mokhort M. A., Kutovyii I. M.* Protective effects of pharmacological  
preconditioning by imidazo[1,2-a]azepinium derivatives on rat heart function  
*in vivo* upon regional ischemia..... 91
- Popov O. S., Shebeko S. K., Zupanets I. A., Shalamay A. S.* Experimental  
study of the effect of Diclocor on spontaneous pain reaction..... 97

## ISSUES OF PHARMACY, PHARMACEUTICAL MARKET, PHARMACOECONOMICS

- Delyan E. P.* Amino acid composition overground organs of the plants sow
