Anna Galkina. Theoretical bases of psychological readiness of students to domestic life

Of the young people it is impossible to consider prepared to marriage, if in them clear ideas are not formed about what they marry for, what is expected from future

family, what domestic relations would like to build, what duties are laid on them by marriage. Preparation of young people is to entering into marriage, to future domestic life is inalienable component part of the general system of education of rising generation.

Keywords: *domestic life, psychological readiness to domestic life, preparation to marriage, forming of psychological readiness of young people to domestic life, criteria of readiness of young people to domestic life.*
