Tatyana Andreyeva, Stanislav Stasenکو. The moral aspect of the demographic policy: global trends and Ukrainian context

Main trends of demographic dynamics approach Ukraine caused a need for coherent population policy. But the implementation of the basic principles of population policy raises a number of moral questions. However, despite the possible negative consequences of this policy with regard, first of all, the transformation of marriage, population policy for the Ukrainian society is a necessity in modern demographic crisis situation.

Keywords: *population policy, moral evaluation, population, demographic dynamics, birthrate, marriage.*
