Structure and modus of social determinants of North Korean society

This article analyzes the major determinants of the mode and form the structure of North Korea's sociality. After analyzing that: the cult of personality, the North Korean mysticism, philosophy of Juche, totalitarianism, help us to understand the depth of this problem which is now urgent and unresolved in the realities of modern society. Modus society – according to the famous philosopher Spinoza, is a different state, which takes only substance. On this basis, a modus measure, image, method and type of existence of a society. Regarding the determinants of sociality, then here are the relevant social legislation, and worldviews that reflect the functioning of

society as a whole. On this basis, the aim of this work, in terms of social philosophy is the analysis of the structure and mode of determinants, the North Korean sociality.

Keywords: *totalitarianism, the cult of personality, philosophy of Juche, North Korean society, the determinants of mode, the North Korean sociality.*
