### **Citizenship and political rights of migrants**

Consider new approaches to the definition of citizenship and the basic principles of affiliation to it. The relationship between citizenship and migrant terms of their political rights in the country of reception are analyzed. At the core of the article is a comparative method, as the object of study is the migration policy and regulation on citizenship and political rights of migrants to a large group of foreign countries.

Dialectical method allowed us to examine the institutions of citizenship and political rights of migrants in the context of the unit of Western democracy, the general processes of globalization and adoption of international standards of human rights. The

historical method was used to study the evolution of citizenship, the disclosure of its features with respect to non-citizens.

**Keywords:** citizenship, political rights, «non-citizens», voting rights.
