### **European integration imperatives (Ukraine – EC)**

Development and transformation processes of the state of Ukraine in conditions of European integration and influence of ethnical and political crises onto the society have been studied. Main imperatives of the Ukrainian political system for global changes and challenges on the way to the European integration have been analyzed. Political systems formation is connected with the search of the place and role in the systems of international relations. Search of an identity that can be accompanied by crises which relate to bad financial, economical, and social state of both the population and the separate groups of people has been described.

**Keywords:** crisis, globalization, self–identification, transformation, European integration.
