

Happy New Year Poems 2017

Pieces of time
New years come and new years go,
Pieces of time all in a row.
As we live our life, each second and minute,
We know we are privileged to have you in it.
Our appreciation never ends
For our greatest blessings: our family and friends.
Happy New Year!

This night of All the nights is the Year's last.
All, all the other nights are gone, are past...
After the evening, with its fading light,
Put the lid on the hour and close it tight.
Close up your tiny eye; close up the day.
Bid the old year, good bye, and come away.

If we try our best to be simple and pure,
There's nothing our hopes and dreams can not cure.
So, I don't know the value this is worth,
But let's all try to be happy and heal Mother Earth!
Happy New Year!

New Year's reality check
Another year, another chance
To start our lives anew;
This time we will leap old barriers
To have a real break through.
We will take one little step
And then we will take one more,
Our unlimited potential
We will totally explore. We will show off all our talents
Everyone will be inspired;
(Whew! While I am writing this, I am getting very tired.)
We will give up all bad habits;
We will read and learn a lot,
All our goals will be accomplished, sigh...or maybe not.

New hope in life
New Year means new hope in life
New Year brings some new strive
But, amidst the new things,
There is a strange happiness within,
Of all the things so especial,
Of all the things as seen
Celebrate this time for sure
Because New Year is here! Happy New Year!
