Table of Contents

Automation

Zhilenkov A. A.

Algorithmic software of the automatic risk management system on offshore drilling platform with a high level of automation.....8

Andrey Kupin, Natalia Morkun

Automatic control of the ore suspension solid phase parameters.....13

Engineering design

Yevgen Diachenko, Olena Voskobiinyk, Inna Lomiga

Floors lift technique in old building retrofitting

Engineering science

Voznenko A. D., Kulbovsky I. I., Sorochinskaya O. L.

Psychological aspects of workplace safety in the infrastructure projects of underground.....24

Machine building

Tkachenko V.P., Sapronova S.Y., Maliuk S.V., Kulbovskyi I. I.

Studying the structure of railway rolling stock resistance.....30

Elemesov K.K., Tusupova A.E., Daurova R.V., Aytoreeva G., Moldagozhina M.

Dynamic synthesis of non-harmonic vibration exciter of pulse action directed on the foundation.....37

Metalware production

Oleksandr Grushko, Yuliya Slobodyanyuk

Microstructure of low-carbon steel wire and its welding and fabrication properties.....44

Metallurgy and heat treatment of metals

Karibek Sherov, Muratbay Sikhimbayev, Medgat Musayev, Aset Rakishev, Bakhytzhan Donenbaev

Experimental study of turn-milling process using special friction mill made of steel Hardox.....52

Mining production

Vorob'ev A.E., Khodzhaev R.R., Gabaydullin R.I., Isabek T.K., Khuangan N., Vorob'ev K.A.

Numerical method to calculate coal strata surface curvature, predetermined by discreet points of the irregular grid.....60

Rolling

Victoria Chubenko, Alla Khinotskaya, Valeriy Chubenko

Steel casting speed in suspended cast-rolling with roll-mold for thin bars production..... 66

Standardization

Velychko O. N., Gordienko T. B., Karpenko S. R., Kolomiets L. V.

Evaluation of experts competence on the measurement of electrical power using the method of analytic hierarchy.....70

Oleh Velychko, Sergiy Shevkun, Stanislav Karpenko

The group expert evaluation of the state of metrological assurance of capacitance measurements.....77

Oleh Velychko, Sergiy Shevkun, Stanislav Karpenko

The expert evaluation by the use of group of experts with established competence of the state of inductance measurements.....84

Thermal technology

Kuznetsova E. A.

A review of definitions of Zero Energy Buildings.....92

Pavlenko A.M., Shumska L.P.

Determination of energy parameters of technology of thermal pore formation.....99

Pavlenko A.M., Koshlak H.V.

Calculation of heat transfer in fluid around gas-vapour bubbles.....105
