

# Metallurgical and Mining<sup>©</sup> Industry

№ 2

2017

FOUNDER: "Ukrmetallurginform "Scientific and Technical Agency", Ltd.

## Table of Contents

### Economy

**Fomin Volodimir, Stukalo Alina, Fomin Oleksiy, Kovalchuk Halia**

Economic evaluation of using upgraded hopper cars for transportation of hot pellets and agglomerate of 20-9749 model.....8

### Engineering science

**Thaer Abdulwahhab Shihab**

Calculation of the temperature fields in mechanical seals for the oil centrifugal pumps.....14

**Tolstikov G.I. , Povorotny V.V. , Rakhmanov S.R., Krishin S.M.**

To the question of creation of the working stand cold rolling mill pipe with safety device.....20

### Machine building

**Belodedenko S. V., Ibragimov M. S.**

Models for optimization the preventive maintenance schedules of mechanical systems in metallurgy.....26

**Cherniak H.Yu., Shcherbyna Yu.V.**

Principles of building of computer model of passenger cars dynamics for high-speed movement.....38

### Materials science

**Gutema Endalkachew Mosisa, Bazhin V.Yu.**

Properties of Aluminum Metal Matrix Composites Reinforced by Particles of Silicon Carbide using Powder Metallurgy.....46

**Akhundov V. M., Kostrova M. M., Naumova I. Ju.**

Graphic Visualization of Deformed Fibre-Reinforced Materials.....52

**Petrova Alexandra, Shadrinova Irina, Skakova Tatyana, Chekushina Tatiana**

Processing of finely dispersed aluminum waste with different content by-product metals.....59

### Metallurgy and heat treatment of metals

**Mnyh A., Yakovleva I. G., Pazyuk M. Yu., Zherebtzov A. A.**

Optimization of layer structure of sintering mixture composition in order to stabilize the thermal conditions during sintering.....64

**Vorob'ev Aleksandr, Shchesnyak Evgeniy, Singkh Ragkhav Dzhugendra, Shchesnyak Kirill,  
Vorob'ev Kirill**

Transition to advance technologies of subsoil use.....72
