

# CONTENTS

---

VOVK Yu. M., CHERNO V. S.	Ultrastructural description walls paranasales dura mater of the human brain .....	7
VYCHALKOVSKAYA N. V.	Some features of variability of the land snails <i>Helix albescens rossmässler</i> , 1839 in Mykolaiv regions populations .....	10
GILMUTDINOVA M. SH.	Prooxidant-antioxidant balance of the skeletal muscles in adaptation to immobilization stress .....	16
DANYLENKO V. L., MAZUR I. O.	Geological and climatic conditions for estuaries formation of the north-west of the black sea and the pace of their ecosystems adaptation to global environment changes .....	20
KISELEV A. F., CHERNO V. S., ZIUZIN V. O., RUDENKO A. O.	The changes in children's health status and adolescents who arrived in Mykolaiv region after the Chernobyl nuclear power station explosion in dynamics of 27 years .....	27
KISELEV A. F., CHERNO V. S., NAKONECHNYI I. V., RUDENKO A. A.	Environmental consequences of the chernobil disaster and their liquidation .....	31
KOZLOV S. V., YAKOVETS O. O.	Embryological background of congenital anomalies of the heart vessels .....	34
KOMISAR E. S.	Materials to brioflora rlp «Prssngulsky» (Mykolaiv region) .....	37
KOSMACHEVA A. N., TSYKALO A. L.	The cleaning atmospheric air from heavy metals by the indicator plants .....	41
KOROLYOVA O. V.	The Genus <i>Sporormiella Ellis &amp; Everh.</i> in Ukraine .....	44
KOSHANIY V., ABDUL-OGLY L., KOZLOVSKAY A., VELICORODNIY V., ALEKSUK L., MISHCHUK E.	Comparison of stages of development of the heart and early human placenta .....	50
KUSHCH O.G., VASYLCHUK N.G., PAVLENKO I. V.	Morphological stadu of theantigens effect of various origins on proliferative activity cells of mediastinal lymph node in rats at early stages of after natal development .....	55
KUSHCH O. G.	Experimental model for the stady of the human placenta .....	59
LARYCHEVA O.M., TSEBRZHINSKY O. I.	Variations in prooxidant-antioxidant systems of rats under different activity of pineal organ .....	63
MELNYCHUK S. S., TROKHIMENKO G. G.	Analysis alien fraction flora of national park «Biloberezhzhya Svyatoslav» .....	68
OMELKOVETS Y. A., BEREZYUK M.	Structural features ot the cerebellum nuclei of some birds with different locomotor potencies .....	74

PRONINA E. N., SOVHYRYA S. N., DANILCHENKO S. I., DOVBNYA YU. M., VINNIK N. I. Karyometric analyses of epithelial cells of human sphenoidal sinus mucosa .....	82
PSHICHENKO V. V., LABENKO V. V. Effects of chronic stress gistofiziological state pineal gland rats .....	86
SEMENCHUK S. V. Blood condition at hyper-melatoninemia .....	86
SLOBODYAN O. M., PRONYAYEV D. V., KOLESNIKOV A. V. Morphogenesis of the ovaries of 4–7-mouth fetuses .....	93
SMIRNOV V. M., SMIRNOVA S. M. Spatial interpolation contaminated sediment of Bug estuary of heavy metals .....	97
STEPANYUK Ya. V., YARYHIN O. M., TITYUK O. V. Morphogenesis of sensory <i>Epithelium lacerta agilis (Reptilia, Squamata)</i> .....	102
TOPKA E. G., SHARAPOVA O. M. Changes in the microvasculature of rats' testis after electromagnetic field exposure .....	107
TSVYAKH O. A. The state of the prooxidant-antioxidant system in the stomach of rats with the modeling of peptic ulcers under short-term hypomelatoninemy .....	109
CHEBOTAR L. D., GARKOVICH A. L., LABENKO V. V. Histological structure infarction in the long-term impact of melatonin .....	115
CHERNO V. S., YAKYM K. M. Structural organization of the intercavernous sinuses dura mater of the brain of the dog .....	119
YUHCHISHINA A. N., GRIGORENKO E. V. The water disinfection with using of electrodischarged aluminum hydroxide .....	122
AVRAMENKO A. A., AZENKO G. K., KALANTAI J. A., LATY A. G., GOLOWLJOVA O. V., KORENCHUK D. I. The Frequency of detection of reactive <i>Helicobacter pylori</i> infection on the mucosa of various zone stomach in patients with chronic <i>Helicobacter pylori</i> infection with Duodenogastric reflux .....	125
DYMO V. M. Histoimmunologi of psoriasis .....	128
KOSHARNIY V., DEMYANENKO I., ABDUL-OGLU L., VYHRISTENKO K., A.PAVLOV, DUBOVIK K. Features wall forming heart and its spatial orientation on the stages prenatal ontogenesis .....	132
KUCHERIAVCHENKO M., NIKOLAEVA O., SHERBAN N., REZUNENKO U. The Effect of laproxides on structural metabolik condition of membranes in response to prolonged subtoxic exposure .....	138
MOROZOVA E. N., MOROZOV V. N. Microscopical structure of the small intestine peyers patches of the immature rats after imunofan injection .....	144
