

## CONTENTS

### AUTOMATION AND INFORMATION-MEASURING EQUIPMENT

<b>Zdorenko V., Barylko S.</b> Control of technological parameters of fabric by adaptive ultrasonic device.....	7
---	---

### ECOLOGY AND ECOLOGICAL CYBERNETICS

<b>Kryzhanovskiy E., Poludnenko T.</b> Automation of passages of cascade of storage pools of the river South Bug .....	12
<b>Semchuk Yu., Yashcholt A.</b> Geostatistical analysis of contamination of subsoil waters from data of supervisions of quality of well water of the region .....	17

### ECONOMICS AND MANAGEMENT

<b>Mokina Yu., Kavunenko O.</b> Problems of strategic management of middle and large enterprises in Ukraine.....	22
<b>Moroz Yu.</b> Investment climate in Ukraine and activities of international financial institutions for its improvement .....	28
<b>Burdeniuk T., Svirskiy V.</b> On the question of relationship between state and market in accelerating economic growth.....	35

### ENERGY GENERATION AND ELECTRICAL ENGINEERING

<b>Bezrodnyi M., Prytula N.</b> Thermodynamics efficiency of heat pump charts of heat supply .....	39
<b>Shcherban G.</b> To the question of current control of a series of aluminium cell .....	46
<b>Levytskyi S., Kolmachov K.</b> Computer model of automatic control system over the power transformers with intellectual regulator.....	51
<b>Bondarenko E.</b> The basic concepts and definitions of the theory of management by system of electrical safety and the risk analysis of electro installations .....	57
<b>Karpliuk L., Panchenko B., Nechai O., Dzioba T.</b> Design of the frequency-guided asynchronous drive of trolleybus .....	63
<b>Bazalytskyi V., Mokin B., Mokin O., Gorenjuk V.</b> Structure and descriptions of laboratory stand for the estimation of power potential of wind streams .....	67
<b>Segeda M., Oleksin V., Oleksin A.</b> Economic aspects of application of asynchronous generators on CHP plant.....	71

### INFORMATION TECHNOLOGIES AND COMPUTER SCIENCE

<b>Savenko O., Lysenko S., Kryshchuk A.</b> Model of the botnet.....	76
<b>Perevoznikov S., Krupelnytskyi L., Ozeranskyi V.</b> Generating artificial structures diagnosing of digital devices.....	82
<b>Kovaliuk O.</b> Design of technological processes in Trace Mode SCADA-system.....	89
<b>Levytska S., Kardash A., Dudykevych A.</b> Parallel organization of calculating by Adam's method for Cauchy problem solution .....	92
<b>Benderuk Yu., Granik M., Mesiura V.</b> Dynamic change of coefficients of socialization and personalization of method of swarm of parts at the decision of task about the partition of economic load .....	96
<b>Yaremchuk Yu.</b> The authentication method of subjects (objects) of interaction based on recurrent sequences .....	99

### MECHANICAL ENGINEERING AND TRANSPORT

<b>Sevostianov I.</b> Dynamics of oscillatory processes in the environment of damp disperse materials in case of their vibro-blowing dehydration.....	105
---	-----

**RADIOELECTRONICS AND RADIOELECTRONIC  
EQUIPMENT MANUFACTURING**

**Filyniuk M., Lazarev O., Bondariuk D.** Capacity negasensor with a frequency output ..... 109

**STRATEGY, CONTENT AND NEW TECHNOLOGIES OF  
TRAINING SPECIALISTS AT HIGHER  
EDUCATION INSTITUTIONS**

**Prytula V., Levchenko Z.** System of mentoring: management of corporate knowledge and skills ..... 113

**ABSTRACTS** ..... 127
